

Walk 6 - The Right Hand Side

Adlington Beer Circular

Walk 6

The Right hand side

As the name suggests, this one is the right hand side of the village, very straightforward, no challenges on this one!

1/ Turn right from the Train Station, cross over and walk up Railway Road and to the Top Spinners. This will take 5 minutes.

2/ Leave the Top Spinners, turn left and at the traffic lights, you will see the Elephant and Castle, cross over and go in for a drink. This will take only 2 minutes.

3/ Leave the Elephant, turn right and immediate right again up Babylon Lane. At the top of Babylon Lane you will find the Bay Horse. This section will take 10-15 minutes.

4/ Leave the Bay Horse via the front door and you will be facing the correct way. Cross straight over the road and over the motorway bridge, then take the road on the left hand side (Nickleton Brow), there is a sign post at the end directing to the Yew Tree. This section should take about 20-25 minutes.

5/ When you leave the Yew Tree, turn right out of the car park and you should come to a road going past the reservoir. Continue on the road over the reservoir and you will come to the second path on the map, clearly signposted. Head up the hill slightly and you will come to a bridleway. Turn right here and eventually, this will bring you to Horrobin Lane and at the corner on your left will be the Rivington. Pop in for a drink. This will take around 30-40 minutes.

6/ When leaving the Rivington, take the road directly in front and head back between the 2 reservoirs towards the main road, continue to the 'Give way' sign at the end. Once there, turn left along New Road towards which will take you to Luciano's at The Millstone. There is no path in some places, so please take care here. This will take around 30 minutes to one hour.

7/ Leave Luciano's at The Millstone and head back towards Adlington along Bolton Road. Cross over and take the first left down Grimeford Lane. This will take you under the motorway bridge and again, there is no path in places, so please take care. At the end of Grimeford Lane, look left, the Cherry Tree will be visible. This section should take around half an hour.

8/ Leave the Cherry Tree, turn left heading back towards Adlington down Chorley Road. Just after the small stone bridge at the "welcome to Chorley sign", there are some wooden steps (signed for the Adlington Circular Walk). Turn and descend the steps and follow the path keeping the river on your left, this will eventually head underneath the canal aqueduct. Turn immediate right up the steps which will lead you to the canal. Head left along the tow path and you will end up back at The Bridge where you first got on the canal, so go in for a drink. This section will take around 20-25 minutes.

Walk 6 - The Right Hand Side

9/ Leave The Bridge and turn right, going back over the bridge over the canal and you will see the White Bear over the road. Cross at the zebra crossing and go in the White Bear. This will take less than 5 minutes.

8/ This is the end of the walk, so head to the train station or have one more before you leave!
